Therefore, this definition is intended to bring within its reach any person who is in receipt of or has access to unpublished price sensitive information. - e. In exceptional circumstances, persons in the Public Area may be brought "over the wall" and given confidential information strictly on a "need to know" basis, with a prior intimation to the Compliance Officer and the relevant department head, providing reasons for such persons to be brought "over the wall", and ensuring compliance with requisite provisions including maintenance of SDD. 7. TRADING PLANS

- 7.1 An Insider shall be entitled to formulate a trading plan and present it to the Compliance Officer for approval and public disclosure, pursuant to which trades may be carried out on his behalf in accordance with such plan.

NOTE: This provision intends to give an option to persons who may be perpetually in possession of UPSI and enabling them to trade in securities in a compliant manner. This provision would enable the formulation of a trading plan by an insider to enable him to plan for trades to be executed in future. By doing so, the possession of UPSI when a trade under a trading plan is actually executed would not prohibit the execution of such trades that he had pre-decided even before the unpublished price sensitive information came into being.

7.2 Such trading plan shall: –

- (i) not entail commencement of trading on behalf of the insider earlier than six months from the public disclosure of the plan;

NOTE: It is intended that to get the benefit of a trading plan, a cool-off period of [one hundred and twenty calender days] is necessary. [Companies declare their results quarterly and there exits a trading restriction, in terms of these Regulations, from quarter end to two days after declaration of quarterly results, which, it is seen, is generally a period of around one month for most companies. Thus, one hundred and twenty calender days] period is considered reasonably long for unpublished price sensitive information that is in possession of the insider when formulating the trading plan, to become generally available. It is also considered to be a reasonable period for a time lag in which new unpublished price sensitive information may come into being without adversely affecting the trading plan formulated earlier. In any case, it should be remembered that this is only a statutory cool-off period and would not grant immunity from action if the insider were to be in possession of the same unpublished price sensitive information both at the time of formulation both at the time of formulation of the plan and implementation of the same.

- ii. not entail overlap of any period for which another trading plan is already in existence;

NOTE: It is intended that it would be undesirable to have multiple trading plans operating during the same time period. Since it would be possible for an insider to time the publication of the unpublished price sensitive information to make it generally available instead of timing the trades, it is important not to have the ability to initiate more than one plan covering the same time period.

- iii. set out following parameters for each trade to be executed
 - (a) either the value of trades to be effected or the number of securities to be traded
 - (b) nature of the trade,
 - (c) either specific date or time period not exceeding five consecutive trading days and the intervals at, or dates on which such trades shall be effected; and
 - (d) price limit, that is an upper price limit for a buy trade and a lower price limit for a sell trade, subject to the range as specified below:
 - 1. **for a buy trade:** the upper price limit shall be between the closing price on the day before submission of the trading plan and upto twenty per cent higher than such closing price;
 - 2. **for a sell trade:** the lower price limit shall be between the closing price on the day before submission of the trading plan and upto twenty per cent lower than such closing price.
 - (e) not entail trading in securities for market abuse.
 - (f) The Trading Plan shall be as per Insider Trading Regulations and Application for Trading Plan shall be given in **Form I**.

- iii. The Compliance Officer shall review the trading plan to assess whether the plan would have any potential for violation of the Code and Insider Trading Regulations and shall be entitled to seek such express undertakings as may be necessary to enable such assessment and to approve and monitor the implementation of the plan.

Provided that pre-clearance of trades shall not be required for a trade executed as per approved trading plan.

Provided further that trading window norms and restrictions on Contra Trade shall not be applicable for trades carried out in accordance with an approved trading plan.

- iv. The trading plan once approved shall be irrevocable and the insider shall mandatorily have to implement the plan, without being entitled to either deviate from it or to execute any trade in the securities outside the scope of the trading plan.

Provided that the implementation of the trading plan shall not be commenced if any UPSI in possession of the insider at the time of formulation of the plan has not become generally available at the time of the commencement of implementation and in such event the Compliance Officer shall confirm that the commencement ought to be deferred until such UPSI becomes generally available information so as to avoid a violation of the Code or Insider Trading Regulations.

Provided further that, the Insider shall also not be allowed to trade in securities of the Company, if the date of trading in securities of the Company, as per the approved Trading Plan, coincides with the date of closure of Trading Window announced by the Compliance Officer.

- v. Upon approval of the trading plan, the Compliance Officer shall notify the plan to the stock exchanges on which the securities of the Company are listed.
- vi. The provisions regarding pre-clearance of trades, trading window norms and restrictions on Contra Trade shall not be applicable for a trade executed as per an approved Trading Plan.
- vii. Letter of intimation of approval of trading plan is at Form II.
- viii. Such Insider is required to intimate the Compliance Officer regarding execution of trading plan within two trading days of each transaction intimated under the trading plan as per Performa provided in Form III.
- ix. The Compliance Officer shall maintain a register of trading plan of securities by the insiders and notification to Stock Exchange as given in REG-I.

8. PRESERVATION OF UNPUBLISHED PRICE SENSITIVE INFORMATION

1. Insiders shall maintain the confidentiality of all Unpublished Price Sensitive Information. They shall, while in possession of any Unpublished Price Sensitive Information, neither Trade in the Securities of the Company on the basis of Unpublished Price Sensitive Information nor pass on such information

to any person directly or indirectly by way of making a recommendation for Trading in Securities of the Company.

2. Access to or handling of Unpublished Price Sensitive Information shall be on a "need-to know" basis and no Unpublished Price Sensitive Information shall be communicated to any person except in furtherance of legitimate purposes, performance of duties or discharge of legal obligations. Any person in receipt of Unpublished Price Sensitive Information shall be considered an "insider" for purposes of Insider Trading Regulations and this Code. 3. It is clarified that information to be termed UPSI should be specific and intended to be generally made available at a point of time to ensure it does not lead to creation of a false market in securities. For the purpose of disclosure, the Chief Investor Relations Officer ("CIRO") may consult such officials within the Company to ensure the correctness and credibility of the UPSI. The CIRO shall authorise disclosure or dissemination of UPSI (1) by way of intimation to the stock exchanges, such that further disclosure can be made from the stock exchange websites; (2) on the official website to ensure official confirmation and documentation; and (3) in any other manner as may be decided by the CIRO to facilitate uniform and universal dissemination of UPSI.
4. All communications of UPSI with the stock exchange shall be approved by CIRO and communicated through appropriate personnel under his direction.
5. The CIRO shall also be responsible for overseeing the contents of UPSI to be posted on the website of Company for the purposes of this Code and shall give appropriate directions for the publication of the same. No other person shall be authorised to post any UPSI in the absence of any directions from the CIRO.
6. Disclosures must be complete in all material respects and should not be misleading.
7. Information disclosure/ dissemination should normally be approved in advance by CIRO. If the information is accidentally disclosed without prior approval, the person responsible must inform the CIRO immediately, even if the information is not considered price sensitive and if required, the CIRO shall take all reasonable steps to rectify the same.
8. Files containing Unpublished Price Sensitive Information shall be kept secure. Computer files shall have adequate security of login and passwords, etc. guidelines for maintenance of electronic records and systems may be prescribed by the Compliance Officer from time to time in consultation with the person- in-charge of the information technology function of the Company.
9. To prevent the misuse of Unpublished Price Sensitive Information, the Company adopts the "Chinese Wall" policy which separates those areas of the Company which routinely have access to Unpublished Price Sensitive Information, considered "insider areas" from other areas or departments, considered "public areas". Only specified persons are permitted to "cross the wall".
